

Student or Graduate Test Automation Engineer

DESCRIPTION

Unify is a premier communications software and services organization that is currently seeking to expand its business in the Greek market. Our solutions unify multiple networks, devices and applications into one easy-to-use platform that allows teams to engage in rich and meaningful conversations. The result is a transformation of how the enterprise communicates and collaborates that amplifies collective effort, energizes the business, and enhances business performance. Born out of the engineering DNA of Siemens AG, Unify builds on this heritage of product reliability, innovation, open standards and security to provide integrated communications solutions for approximately 75% of the Global 500.

Unify Dev_Lab_Athens is seeking for a student or a graduate Test Automation Engineer for a 6-month full-time or part-time internship

Main responsibilities:

- Develop and review automated test scripts (in Java)
- Execute test plans, analyze and report results
- Contribute to the design of a solid test automation strategy
- Define new test approaches for new projects

Requirements

- Student or a Graduate in Software Engineering or Computer Science or similar discipline (Telecommunications/Informatics)
- Programming skills in Java (J2SE)- preferred knowledge of Eclipse IDE
- Experience with Linux OS
- Team player
- Dependable, reliable, with clear thinking and attention to detail
- Fluency in English
- Communication Skills (discuss/arguing technical aspects with experts)

Additional skills to be considered as a plus:

- Knowledge of NET C#, Selenium SQL, SIP, ISDN and VoIP protocols

Benefits

By doing your internship in our team, you will have continuous training opportunities and you will be contributing in fresh, challenging projects, interacting with inspiring people, enjoying professional recognition and a rewarding career. Unify offers you the opportunity to be engaged in a challenging, creative, international work environment and to build upon your track record of success with one of the leading global Unified Communication and Collaboration Solutions and Services providers.

Additional Information:

- Position begins in Q1 2016 (after agreement)
- Internship runs 6 months
- This internship be full-time or part time, maximum up to 40 hours per week and paid
- Closing date for application 25 February 2016
- Send your CV and your Cover Letter to eni.braja@unify.com
